About GEM-Care, Inc.

Founded by our CEO Romaine Evans, Gem-Care has been providing services since 2006. Romaine's experience and education as a health services provider began several years before founding her own company.

Today, GEM-Care provides drug and alcohol screening, medical staffing, training and occupational health services across the East Tennessee area. GEM-Care serves several government and corporate clients through its local office, mobile unit and customer on-site facilities.

GEM-Care, Inc.

GEM-Care, Inc.

Romaine Evans provides the management of daily business operations, establishes company objectives, interfaces with clients, and provides 'hands-on' support of projects. She has a BS in Nursing from the University of Tennessee.

As a Registered Nurse, a Certified CPR, OSHA and First Aid Training Instructor, a Professional Collector, and a Breath Alcohol Technician, Ms. Evans has extensive experience as a medical professional.

For over ten years, Ms. Evans served as Executive Vice President for GEM Technologies, Inc. This involved managing corporate accounting, developing project plans and schedules, and establishing human resource requirements and policies. She also provided oversight of GEM Technologies' contracts, customer invoices, and billing. Her medical and business skills provide a unique combination of skills brought together to successfully form a dynamic and trusted company in GEM-Care, Inc.
