★ a service-disabled veteran-owned small business ★

#### In a snapshot...

*Peak 10 Government Services, LLC is a newly formed service-disabled veteran-owned small business comprised of a select group of highly skilled, experienced people. The past successes of our people have included many projects in facilities management, risk evaluation and transportation.*

*Our goal is to provide the safest, most trouble-free management of facilities, cleanup projects, heavy-duty transportation, as well as facility assessment and oversight.*

#### Why Peak 10 Government Services....

## Qualified Competent People

Peak 10 Government Services, LLC started with a vision of providing services such as facility management and transportation operations to government agencies and prime contractors. With a backbone of invigorated people, Peak 10 GS is ready to serve its clients in several capacities. Our experience enables us to deliver solutions within budget, on time and above all else - safely. Often agencies and companies find it counterproductive to manage portions of major projects where their staff does not have the time or perhaps the level of expertise found at Peak 10 GS.

The variety of unique experiences held by Peak 10 GS staff ranges from facility risk assessments to transporting hazardous materials.

The latter can be important tools for effective stakeholder communications and for the preparation of demolition planning. Our people uphold values which set them apart. Integrity and properly aligned priorities provide a platform for delivering financially predictable services. We enable our clients to succeed in their long-term projects for the betterment of our national community by delivering on short-term contracts.

“ **Plans are nothing; planning is everything.** ”

*Dwight D. Eisenhower*

### GSA requirements....

Many government agencies are struggling to meet their required percentages of contracts awarded to service-disabled veteran-owned small businesses. The challenges are clear.

## Federal Government Standards and Mandates

Veteran Entrepreneurship and Small Business Development Act of 1999, Public Law 106-50

Veteran Entrepreneurship and Benefits Improvement Act of 2003, Public Law 108-183

Executive Order 13360, Providing Opportunities for Service-Disabled Veteran-Owned Businesses to Increase Their Federal Contracting and Subcontracting, October 2004

Requirement: 3%, Actual: 0.6%. Clearly the mandate is not being met.

Peak 10 Government Services, LLC provides an avenue for agencies to meet their mandated requirements for purchase contract percentages with service-disabled veteran-owned businesses.
